## Multiple Disabilities Specialist

### **Responsibilities:**

- Provide consultative services to Alaska school district staff, students, and parents
- Observe students in educational settings for the purpose of providing/modeling evidence-based interventions and strategies for the development of functional and educational outcomes.
- Provides, in multiple formats (written report, oral reports, audio and video clips, etc.), individualized educational recommendations for students with disabilities.
- Evaluate student progress on an ongoing basis and recommend intervention strategies.
- Demonstrate/teach specialized strategies and/or provide topical in-services and workshops to local school personnel, parents, students, peers, and the community.
- Assist districts in procuring/adapting specialized instructional materials.
- Facilitate interagency collaboration.

### **Minimum Qualifications:**

- Master's degree in special education with suitable experience and training in multiple disabilities, or Bachelor's degree in special education with an emphasis on multiple disabilities.
- Recent experience with learners with multiple disabilities
- Experience with distance education technologies, digital learning, and e-module creation.
- Implementation of knowledge and best practices in the education of students with multiple disabilities.
- Ability to travel independently in rural/remote Alaska throughout the school year.
- Requirements met for Alaska State Department of Education Special Education Type A Certificate or a Special Services Type C Certificate

(Visit: <https://education.alaska.gov/teachercertification/certification/initialor> information of certification.)

### **Additional Preferred Experience**

- Flexibility and willingness to learn new skills
- Utilizes and keeps abreast of technological developments in the field of multiple disabilities
- Ability to compile data from a variety of sources (e.g. IEP meetings, student observations, special education teachers, school psychologists, etc.) for the purpose of customizing training and support.
